

## "High Art" Clothing.

There may be other concerns that make clothing to fit our Southern people as well as **Strouse Bros.** celebrated **"High Art" Brand**, but we have never been able to locate them as yet, nor do we believe any one else has. "High Art" clothing is made in five separate and distinct shapes—the short and stout—young men's—regulars—long and slims and extra large and we can fit any shaped man or boy, but it is especially adapted to our tall, slim, long legged, long armed, long bodied, small waisted Southern folks. "High Art" patterns are the result of 35 years of experimenting, study and experience, and they are well nigh perfect. There is a set of shapeliness about a "High Art" suit of clothes that very few of the high price tailors can approach.

WE SELL "HIGH ART" SUITS

From \$7.50 to \$17.50.

## CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN  
HAS IT.

List of Jagers—Barn and Dwelling Burned  
—Took Poison—Accidental Shooting—  
Not Yellow Fever.

### Sunday Night Blaze.

The dwelling house of Minor Williams, colored, of Fairview, caught on fire Sunday night and was soon reduced to ashes. The contents of the house were saved. The loss amounts to about \$300. There was fire insurance. The fire originated in the kitchen, adjoining the dwelling.

### List of Grand Jurors.

Following is a list of the grand jurors drawn for this term of the court: Geo. R. Pierce, foreman, R. C. Pace, Henry Howard, col., R. W. Francis, Tom Hale, col., John Thurmond, G. B. Powell, J. W. Reid, E. D. Jones, Ed Boyd, W. C. Holt and G. V. Campbell.

### Battered Agent Badly Hurt.

Mr. Right, Cayce, L. & N. agent at Herndon, while returning home from Liberty church, was thrown out of his buggy and badly hurt. He was kicked in the breast by the horse and was otherwise seriously injured. The accident will probably lay him up for some time.

### Burned All Her Tobacco.

A tobacco barn, well filled with the weed, belonging to Emily Fox, a colored woman living near Howell, was consumed by fire last Wednesday night. The tobacco caught in some way during the process of "firing." Her loss amounts to several hundred dollars.

### Dwelling House Destroyed By Fire.

Mr. Thos. W. Young, a tenant on Mr. Geo. Boddie's farm near Lafayette, had the misfortune to lose everything he had by fire a few nights ago. The fire originated from a defective stove and when it was discovered about 2 o'clock in the morning, the roof was falling in and Mr. Young and his wife and five children barely escaped with their lives. There was no insurance, either on building or contents.

### Tried the Laudanum Route.

George Mills, a well known young business man of this city, took an overdose of laudanum Saturday night and came near dying before the drug could be pumped from his stomach. Physicians worked with him for several hours before he was considered out of danger. The supposition is that he swallowed the drug with suicidal intent, but no cause has been assigned for the rash act.

### Cook and Breathit.

Judges Cook and Breathit opened their canvass in this county in a joint discussion at the court house yesterday afternoon. Judge Breathit opened the discussion, Judge Cook followed with a speech of an hour and a half and Breathit closed with a ten minutes rejoinder. The discussion was not concluded in time to be reported in this issue. The judicial candidates have a number of appointments in the county, beginning with one at Gracery to-morrow.

### Roshonah Yesterday.

The Jewish stores were all closed yesterday until 6 p. m., in observance of Roshonah, or the Jewish New Year. On the evening before appropriate services were held at Mosyos Hall by the local Jewish Society, of which Mr. J. M. Frankel is President, Mr. M. L. Elb Vice President and Mr. W. L. Bamberger Secretary. Mr. Frankel presided. This is the main holiday of the Jewish people and marks the beginning of the year 5657 of the Jewish calendar.

### Perhaps Fatally Shot.

Rush McReynolds and another negro, laborers employed on Mr. E. J. Faulkner's farm, near Church Hill, engaged in a friendly scuffle over the possession of a pistol. The weapon was discharged and the ball entered McReynolds' side, just below the heart, producing what is believed to be a fatal wound. The negro was alive late yesterday afternoon, but chances for his recovery are slim. The wounded man says the shooting was purely accidental, hence no warrant has been sworn out for the man who did the shooting.

### A Sensation Without Foundation.

Mr. Henry Clardy, of Mobile, Ala., arrived at his father's near Bell's, in this county about two weeks ago, and a few days later had a slight attack of bilious fever. Dr. Jno. P. Bell was his physician and the young man soon recovered from the attack. The report that he had yellow fever was entirely unfounded and calculated to cause needless alarm among those who are easily frightened over reports they see in the newspapers. There has been no yellow fever in Kentucky, except one case at Louisville and two at East Cairo, opposite Cairo, Ill.

## CONFERENCE CLOSED.

Delegates Elected to the General Conference—The Campbell Case.

Henderson, Ky., Sept. 25.—The great interest of the conference was this morning centered in the election of delegates to the General Conference which meets at Baltimore next May. Conference opened with prayer by W. K. Piner.

The case of J. J. Rodel was referred to the committee on superannuation. The Rev. F. M. Thomas was elected supernumerary, having served a two years' course.

An exhaustive report from Mrs. Truehart as secretary of the Woman's Board of Foreign Missions was read. J. S. Crandall, who had been suspended from the university a year ago on account of alleged improper conduct, was reinstated to the active ministry.

The election of delegates to the General Conference resulted as follows: Clerical delegates, Dr. David Morton, Dr. C. V. Lewis, of Louisville, Dr. H. C. Morrison and Dr. Gross Alexander, of Nashville. Lay delegates, John L. Wheat, of Louisville, R. E. Crockett, of Elkton, W. S. Johnson, of Henderson, and B. F. Bowman.

W. K. Piner, of Bowling Green, and D. S. Campbell were elected as alternate clerical delegates.

The report in the investigation of Rev. Geo. F. Campbell's case is expected Monday. An acquittal is confidently expected.

The Henderson Gleaser of Sunday gave this report of the Campbell case.

"The testimony before the committee in Rev. Geo. F. Campbell's case was concluded late yesterday afternoon. The meetings of the committee were held in the basement of the Church. At 7:30 last night the committee reconvened and first heard the argument of Dr. J. B. McFarrin, the counsel for the prosecution, and then the argument for the defense by Dr. David Morton. The argument was concluded last night about 10 o'clock when the case was given to the committee who deliberated on the matter until nearly 12 o'clock. In the evidence was a sensation. A letter from Samuel E. Brown, father of Mrs. Campbell, was read which stated that she was of a violent temper, self-willed and at times uncontrollable. Rev. E. W. Bottom, Dr. D. Moore, Rev. G. E. Fossett and W. C. Brandon testified that they believe Mrs. Campbell to be sane and that she had told the truth to the investigating committee. Dr. Jno. W. Lewis and Rev. J. S. Scoobee were called in rebuttal. They stated that they believed her to be mentally sound. Rev. Frank M. Thomas also gave important testimony in Campbell's behalf. The general opinion is that he will be acquitted with a recommendation that the bishop administer a slight reproof. After the argument in the case had closed, Rev. Geo. F. Campbell was seen coming from the committee room and when asked about the case he said: 'The case is in the hands of my brethren and they will do what they conceive to be just and right in the matter and that is all that I could ask.' On the adjournment of the committee Dr. H. C. Morrison, the chairman, was seen concerning the matter. He stated the committee had not completed its work, but would not say whether or not a final decision was reached, but that it would be Monday.

The Gleaser is prepared to definitely state that no final decision was reached last night by the committee, but that a decision will be arrived at to-morrow, when a report will be made to the Conference of the finding."

### COLORADO GIRL ASSAULTED.

A Negro's Horrible Crime at Owensboro.

Owensboro, Ky., Sept. 26.—Henry Richardson, a negro of about thirty years, with a wife and three children, was arrested this afternoon upon information volunteered by Mr. J. D. Long, a sign painter, of Owensboro, charging him with a criminal assault upon the person of Julia Smith, a ten-year-old colored girl.

Mr. Long testified that he witnessed Richardson drag the child down into a ravine near the county jail, in this city, and accomplish his purpose. Richardson was immediately taken before Judge Pendleton, who remanded him to jail until to-morrow for his examining trial.

Feeling run high for some time after the negro had been placed in jail among the colored people of the city, but no fear of a mob is expected.

### Three of a Kind.

Anderson, Ind., September 22.—That free silver is not a dead issue in this county was amply illustrated this morning when the task of naming triplet boys, born to Mrs. Richard Weaver, at Oakland, fell to the father. The boys all showed a great deal of activity, and Weaver declared that they could be called William Jennings and Bryan.

Will Cato, in jail at Princeton, has confessed the killing of Dave Aske.

## RAPE AND ROPE.

QUICK WORK MADE WITH A FIEND AT HAWESVILLE.

Struck His Victim With a Coupling Pin—She May Yet Die.

Hawesville, Ky., Sept. 25.—The first daylight lynching to occur in Kentucky since the murderer Barker was hanged from the church window in Lexington fifty years ago, occurred here at 6 o'clock this afternoon, when Raymond Bushrod, a 20-year-old negro, was hanged by a mob for assaulting Miss Maggie Roberts.

The crime occurred near Petree Station, three miles from here yesterday afternoon.

Miss Maggie, who is only 16 years of age, had been sent to the station to buy some groceries. Half a mile from home she was assaulted by the negro. He had a large coupling pin in his hand and when she resisted he struck her on the head, rendering her unconscious. She came to about an hour afterward and managed to get home.

Her father quickly gathered a crowd of neighbors and they chased the negro into a thicket. There Roberts left his friends on guard and came to Hawesville for Sheriff Fuqua. The latter gathered a posse and went to the scene, but the negro was so carefully hidden that he was not captured until nearly midnight. The Sheriff found him secreted in some underbrush. He got him out of the thicket without attracting the attention of Roberts and his friends and placed him in jail.

The news of the capture did not spread until this morning, when men from the Petree neighborhood began coming into town in squads. They continued to come all day and at 4 o'clock in the afternoon fully 300 strangers were here.

At 4:30 o'clock Judge Adair told Jailor Brown to give it out that Bushrod had escaped. This caused the mob to scatter and begin a search for the negro. Some of the mob remained behind and they soon learned that the negro had escaped, but a ruse of the officers to spirit the negro away and prevent his being lynched.

They sent runners to overtake the members of the State troops to come here and this spurred the mob on to action. They procured hammers and axes, broke down the jail door and soon had the negro.

They led Bushrod into the courtyard, where he confessed that he had assaulted Miss Roberts and asked the leaders of the mob to let him pray. They granted him the privilege and he prayed for nearly five minutes.

When he had finished a noose was quickly run up his neck and he was quickly jerked up.

After waiting until life was extinct, the mob departed without firing a single shot. The negro was dressed by fully 600 people. Bushrod came from Rockport, Ind. There he was charged with assaulting his aunt, aged 60, and also with assaulting a white girl.

Miss Roberts is badly injured and may die.

### CIRCUIT COURT.

The Docket For the Fall Term A Very Heavy One.

Circuit Court convened in this city yesterday for a six weeks' term. The docket is the largest for years. There are about 150 appearances and between four and five hundred continued cases. The most important case to come up is that of the Commonwealth against T. W. Wootton, charged with murder. This case is set for the 7th day of the term—Oct. 4. The grand jury was drawn and after lengthy instructions were delivered by Judge Breathit, court adjourned until this morning, when the petit jury will be sworn and the mills of justice will be put in motion.

### Tried to Whip a Man.

Frankfort, Ky., Sept. 25.—Editor Pat McDonald, of the Western Argus was coddled at the door of his residence opposite the Court-House at 8:15 o'clock this morning by Mrs. Sarah Brady, a grass widow.

The Brady woman went to his residence and rang the bell. McDonald was summoned to the door. As the door was being opened she struck McDonald in the face with a heavy cowhide, and began to lash him.

The affair caused a great sensation. McDonald said he never knew the woman and the item in his paper threatened the assault had no reference to her.

The others are going to have another annual reunion at Providence Oct. 7.

Judge Buckley Kilgore, known

while in Congress as Buck Kilgore,

Walter Forrester has exploded another bomb under his esteemed enemy Todd by producing a constitutional section, number 180, showing Todd to be ineligible. It reads as follows:

"No mayor or chief executive or fiscal officer of any city or of the first or second class, after the expiration of the term of office to which he has been elected under this constitution, shall be eligible for the succeeding term."

Todd has served only a part of a term and he will claim that he has not filled the office for "a term." This technicality, however, will avail him nothing, as he will not come within 1000 votes of election.

"No changes will be made in the Coast and Geodetic Survey for some time. A report states that Mr. Crumbaugh, a Kentuckian, who has been here for several in other pushing his claims for a consulship, has been promoted the position held by Gen. Duffield, but at the Treasury Department nothing is known of such a promise having been made. Mr. Crumbaugh is a graduate at Annapolis and has filled scientific chairs in several educational institutions."

The above from the Washington Star seems to crush another of Maj. Crumbaugh's ambitions. Maj. Crumbaugh has been badly treated, although the President was supposed to be his friend.

"Dollar wheat and forty cent dollars" was the subject of an editorial in the Courier-Journal Saturday, although its market report showed wheat to be 91¢ and silver 58 cents an ounce, making the bullion value of a dollar 45¢. There has been no "dollar wheat" in this country, except for two days four or five weeks ago. There are no "forty cent dollars" in the United States and never will be while the government is solvent and has the power to make money.

Yellow fever continues to find fresh victims in the South. Sunday's record includes one death each at Edwards, Ocean Springs and Scranton, with twenty-three new cases at Edwards, seventeen at New Orleans, five at Mobile and one at California. The only druggist at Edwards is a victim of the disease. There have been a total of 176 cases and seven deaths at Edwards.

## Sudden Death Near Elmo.

Pembroke, Ky., Sept. 27.—Mr. William Boon, a highly respected citizen of the Elmo neighborhood, died suddenly yesterday from the effects of becoming overheated. He was 63 years old and had been a citizen of the county all his life. The interest took place at the family burying ground this afternoon.

## Killed By a Train.

Mayfield, Ky., Sept. 26.—Claude Lyon, aged eighteen, was killed by a freight train near his home, on the railroad, one mile south of town, this morning at 4 o'clock.

He was returning home and is said to have been intoxicated. His body apparently was not badly bruised, but death resulted in one hour after he was struck. The deceased was the eldest son of Mrs. Lyon, the mother of the quintuplets born last year.

Here's a marriage notice that appeared in an exchange: "Married at Flintstone, by the Rev. Mr. Windstone, Nehemiah Whitestone, and Miss Wilhelmina Sandstone, both of Limestone." This is getting mighty "rocky" and there's bound to be a "blasting" of these "stone" hearts before many "pebbles" appear on the conjugal beach. The grindstone of domestic infidelity will sharpen the ax of discord and jealousy, and sooner or later one or the other of this pair will rest beneath a tombstone. Then look out for a brimstone.—Farmers Home Journal.

L. Shelton, residing near Mayfield, lost his barn and this years tobacco crop by fire, caused by lightning.

## Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

I began taking Hood's Sarsaparilla and have never had any carbuncles since. My little son had a fever and an indolent ulcer appeared on his left limb and spread half way around it. Our physician recommended a blood purifier and I gave the boy Hood's Sarsaparilla with gratifying results." A. G. B. JAMES, Polville, Miss.

"I have been a great sufferer from muscular rheumatism and in October began taking Hood's Sarsaparilla. I continued its use until January when I could go about as well as any one and I have had no acute pains since." I. W. MINNICK, Grand Isle, Louisiana.

Rev. H. C. Settle.

At a meeting of the official Board of the Methodist Episcopal Church, South, held in the Sunday-school room the committee on resolutions, in regard to the removal of Rev. Henry C. Settle, submitted the following:

To Whom It May Concern:

We, the official Board of the Methodist M. E. Church, South, at Hopkinsville, representing the feelings and sentiments of the church at large, and speaking for the church officially and individually, desire to commend to our brethren everywhere our beloved pastor, Rev. Henry C. Settle, whose official relation to us expires with this conference year. We commend him for his piety; for his patience; for his wisdom; for his ability as a preacher and expounder of the scriptures; for his learning and eloquence; for his independence; and courage; for his manhood and gentleness; for his fine tact and discrimination. We love him for his faithfulness to this church and all its members; we love him for his great heart and for his sympathy with his brethren in their manifold troubles and afflictions, in their sickness and their disappointments. And whatsoever he shall be sent or shall go, we desire to follow him with our love and prayers for his happiness. If he shall receive in his new field of labor the love and esteem which his devoted citizens must be happy and successful, and to this end we bespeak for him the closest security and most intense interest of his new church, wherever that may be. For his dear wife and children we express our admiration and best wishes. Sister Settle has proved herself to be a wise, prudent, congenial and friendly companion to the man whom we love with so much regret. We commend her especially for her wisdom and prudence and for her pleasant and affable manners with our people. Like her beloved husband, she will always be appreciated and missed by us. May the Good Saviour shield them both from every evil.

## Mother and Daughter.

Like mother, like daughter! If the mother is a healthy woman, the daughter is apt to be the same. This is especially true if the mother stands exactly up on what her good health depends. If the mother has learned to guard herself from the ills of life she will know how to guard her daughter from the same ills.

"In a recent letter to Dr. Hartman a mother writes: 'I had been in a valid for a long time after my girl was born. The doctors seemed unable to help me. I was induced to try Per-na, which cured me and made of me a sound, healthy and happy woman. By this time my daughter was three years old, and I made up my mind that if Per-na was good for me it would be good for my little girl. I have used the Per-na for her ever since. When ever she is sick, whenever she catches cold, or gets nervous, or has anyone of the numberless ailments to which girls are subject, I give her Per-na. She is now sixteen years of age, and has never taken any other medicine. She is well, beautiful, and happy, for which I give Per-na praise. My own health, as well as my daughter's, I attribute to the use of Per-na.'

Dr. Hartman has lately written a book devoted to the ailments peculiar to the female sex. It is profusely and beautifully illustrated, and every woman should possess one. It will be sent free to women only, for a short time, by The Per-na Drug Manufacturing Co., Columbus, Ohio.

## LIVED ON \$100 A YEAR.

The Prosperity Enjoyed by a Methodist Minister Near Hopkinsville.

The story of Rev. John O. Smithson, of Kirkmansville, a Methodist minister, lived during the past year on \$40 in money and \$60 in provisions, which became known at the Henderson Conference, brought the actual hardships of the country preacher to public notice in a way that made a deep impression upon the more fortunate, high-salaried men who took delight last year in voting the gold standard upon their less fortunate brethren like Mr. Smithson. In an interview Mr. Smithson gave his experience as follows:

"I'll tell you," said he, the way we managed it in the past year. When I returned from Conference I couldn't rent a place, but managed to get a couple of rooms for a few days. Between October and Christmas we moved four times, from room to room. Finally I bought an acre of ground in the woods, for which a good brother took my unsecured note. Clearing the timber off the land, I built a two-room house, in which I placed my wife and babies. We lived in it all the year, when I sold the place for what I gave for it, and paid off the note. Since then I have been resting."

"During the year I trimmed nine coffins for the local undertaker, delivered \$100 worth of trees for the nurseryman, married nine couples, had a spell of bilious fever, suffered with forty caruncles and filled my seven appointments regularly. I also went fishing and caught a large trout; we haven't been without meat all the year."

"You can say for me that I love those people, that they have done the best they could for me, and that I am willing to spend all my life laboring among them."

Referring to this truthful statement, not made claimingly but cheerfully, even the Courier-Journal, notoriously an enemy of the poor, is moved to make this editorial comment:

"A reader of this paper can scarce refrain from smiling through his tears at this recital. Most of us who live in the cities where the ministers live wealthy and fashionable congregations and receive ample salaries can with difficulty imagine that there are men like the Rev. Smithson at work in Kentucky. Of course, his must be an extreme case, for while the lot of the country preacher is not a special happy one, it would scarcely be believed that ministers of the Gospel existed right in this State who were paid smaller than that of a Hindu or Chinese. When it is recollected that Mr. Smithson has a wife and three children, the reader's estimate to almost total incredulity."

For once this paper has told the truth. There has been none of the much heralded prosperity in the Kirkmansville neighborhood.

The editor of the KENTUCKIAN has personal knowledge of the truth of these facts. We have known Mr. Smithson ever since boyhood. We knew him as a pale-faced boy who began as a clerk in a country store. We have watched his struggles to secure an education to enter the ministry and to serve God on \$100 a year.

The house he speaks of having built was put up largely with his own hands, though he is a frail, delicate man, totally unfitted for manual labor. His church is in a little Todd county town, near the Christian country line that used to be prosperous. But the people can raise but little wheat in that section and this year of bountiful crops has been harder than usual with them. Times are hard and then but worse times are coming. The drought destroyed their corn crops on the hill-sides and the frost has killed their tobacco patches in the valleys. How they are to support themselves and their preacher another year, God only knows.

And yet we are told prosperity has come, because the trusts have put up prices on things the poor have to buy and crop failures have made feed stuffs costly.

Pursuing the subject the Courier-Journal suggests that "some of the loose change left after sending remittances to those laboring among the heathens of foreign lands be devoted to lightening the load of the Rev. Smithson, and others like him, if there be others, right here in Kentucky."

Why not lighten his load and the loads of others similarly situated, by procuring medicines that will make the people prosperous. Such suggestions come with poor grace from this enemy of mankind.

### SOME POETIC QUEENS.

Carmen Sylva the Most Talented of Royal Verse Makers.

A clever Englishman, Mary E. Garton, has called attention to the large number of women of royal blood who have been hymn writers of some sort. She awards the palm to Queen Sylvia, the famous poet queen of Rumania. This distinguished singer inherits much of her talent from her mother, the princess of Wied, who, in her time, wrote some very touching and impressive hymns and chants.

Elizabeth, queen of Bohemia, who was grandmother of George I. and a direct ancestress of Queen Victoria, wrote excellent religious poetry when at home in Scotland before her marriage, and after that ceremony in her adopted country. Another one of the Stuart family, Mary Queen of Scots, is also said to have composed several verses upon church topics of considerable beauty. A royal singer of more than average ability was Marie, queen of Hungary. Her life was one of great trouble, and what little joy she found was in religious activity, or contemplation. Her stanzas express the emotions which would be born of so sad a career. A poet whose name is found in many German anthologies is Princess Louisa Henrietta, electress of Brandenburg, who was one of the favorites of the present emperor of that land. She was a woman of strong character, who frequently conducted religious exercises, and then writing her own prayers, sermons and hymns. The mother of Emperor William I., Princess Louisa of Mecklenburg-Strelitz, is credited with two or three beautiful hymns. That brilliant writer, Queen Margaret of Navarre, wrote several religious poetical compositions of great beauty and force. Empress Catherine of Russia is said to have composed many lines marked by grim humor and satire, rather than sweetness or sentiment, while the virgin Queen Elizabeth wrote and destroyed many religious verses, of which a few have come down to the modern age.

### Light from Diamonds.

Many diamonds which have been exposed to sunshine give out light on being placed in a dark room. When placed in a vacuum and exposed to a high-tension current of electricity, diamonds phosphoresce, or shine, with different colors. Most South African diamonds, under these circumstances, exhibit a bluish light, while diamonds from other parts of the world shine with such colors as "bright blue, apricot, pale blue, red, yellowish green, orange, and pale green." After reciting the preceding facts, in a recent lecture in London, Prof. William Crookes made this interesting statement: "One beautiful green diamond in my collection when phosphorescing in a good vacuum, gives almost as much light as a candle; the light is pale green, almost white."

### A Golden Floor.

King George II. was once invited out to dine with a wealthy and eccentric old duke, who possessed more money than he very well knew what to do with. Upon this occasion, wishing to impress his guests with the immensity of his riches, he had the floor of the dining-hall paved from end to end with sovereigns, the head being up. Each coin was stuck in a mixture of lime, which soon dried, leaving the precious "tile" securely fastened. When the king arrived, and was shown what had been done in his honor, his amazement knew no bounds, and it was with difficulty he could be persuaded to set foot upon the golden floor.

### ENGLAND'S LARGEST FARM.

It is Situated in Lincolnshire and Contains 2,500 Acres.

It may not generally be known, but it is a fact, that the largest farm in England is in Lincolnshire. Five miles from Louth, on the Louth and Lincoln line, is the parish of Withcall. The farm occupies the entire parish, and its area is upward of 2,550 acres. Nearly 2,000 acres are under the plow, and from that may be gathered an idea of the number of horses required to work this large undertaking.

The farm is so large that three yards are needed. They are named the north yard, the south yard and the home yard. There is also a small cemetery one—the New Farmstead. Ten cottages from the homes of the laborers at the north and south yards, while near the home yard is situated Withcall house, the residence of J. W. Ward, the lessee of the farm. The railway runs close by. Near are also the church—a pretty-built edifice and pleasantly situated—the rectory and the schools. The district is very hilly and in consequence of this there have been made two large cuttings so as to form a road to the north farm. In one of them may be seen a thin bed of fuller's earth.

Down the valley, which is crossed by an embankment formed of the chalk taken from the cuttings, may be seen a spring of water. This supplies the whole parish with water.

Some years ago the owner, Mr. Clayton, caused pipes to be laid all over the farm, so as to supply both houses and cattle. The water is forced from the reservoir by a very good engine consisting of a water wheel and "donkey" pump. There are, roughly speaking, about six miles of water pipes. The water is exceptionally good and throughout the driest of summers there is always a constant supply.

There are a large number of animals on the place, including about 70 working horses, upward of 500 beasts, 3,000 sheep, and the pigs at the last census numbered 100. The farm is made up of large fields, eight of which cover over 100 acres in area.—**London Tit-Bits.**

### A NEW TOBACCO PEST.

It Does Extensive Damage Where There Is Bull Nettle.

A new tobacco pest is announced by Gerald McCarthy, entomologist and botanist of the North Carolina Experiment Station. The insect is called the Gelechia picipes (Zett.). Mr. McCarthy says: "has as its common food-plant the bull nettle, well known as a pest to our farmers, and permitted by them to occupy their soil without let or hindrance. The range of the insect, Mr. McCarthy says, is co-extensive with that of its host plant, and this includes nearly the entire tobacco growing area of the United States.

The insect is not new, but it is only recently that it has taken to tobacco, and where it has done so damage is in districts where the bull nettle is most common. The Gelechia picipes, Mr. McCarthy described as about two-tenths of an inch long, and with wing expanse of from three-fourths to half an inch. The general color is yellowish gray, the head is paler than the wings, the primaries marked by a few smoky streaks, and a marginal row of minute black dots. It belongs to the same family as the clothes and fur-moths, and to the fly-weevil, so destructive to cribbed corn.

The most promising remedy at present, Mr. McCarthy believes, is the extirpation of the bull-nettle in all tobacco-growing sections, and the prompt plowing under or removal of tobacco-stumps as soon as the crop has been gathered. Clean cultivation of the growing crop, with frequent stirring of the soil close up to the plants, will destroy the dormant pupae or cover them so deep that the moth will be unable to find its way to the surface of the ground. A show watch should be kept, and when blotch-mines are seen on leaves, the inclosed caterpillar may be easily crushed between thumb and finger. The leaves will then soon repair the damage. Trap-traps burnt in the field from dusk until ten p. m. will attract and destroy large numbers of the moth.

### A Practical Reformer.

The countless of Carlisle, who has for some time past been acquiring public houses in the vicinity of North castle, Cumberland, England, whenever the opportunity presented itself, has purchased by private contract the old historic inn known as the Plough at Banks Lanceter. In almost every instance the property acquired has been turned into a temperance refreshment house on a more or less elaborate scale.

### The Coming of Baby.

When a baby comes to the house real happiness comes. The care and anxiety about nothing against the clinging touch of little hands and the sound of the little voice. The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the needs of women appealed to Dr. Pierce, now chief consulting physician to the Laverne Hotel and Surgical Institute, of Buffalo, N. Y. The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs distinctly feminine. It gives weak women the strength and healthy bosoms the production of healthy children and it makes the bearing of those children easy. It is sure to cure any weakness or derangement peculiar to women: staid pain, acute inflammation, strength, purifies, invigorates.

Nothing speaks louder than the school and teachers in regard to the industry, patriotism and prosperity of a country. The Public Schools of Middleboro are in good hands and it only remains for the people to perfect application of the efforts of the board of education to make them a great success. The personnel of the teachers has been mentioned several times in The Herald, but the reader will pardon it for again calling attention to the superior executive ability of Prof. S. L. Frogge. If those who are poor, desire to give their children a good education free of charge, they should take advantage of this golden opportunity. —Middleboro Herald.

Master Tom Taylor Colmenseil, of the 8-year old son of Capt. Colmenseil, of the I. C. railroad, who gained such a notoriety as a young orator by his recitations at the Tennessee Centennial a few months ago, will recite at the Union county fair on Wednesday, October 6, the day selected for the reunion of the Confederate veterans. The three appropriate selections which the boy orator will recite will be "Battle of the Wilderness," "My Suit of Gray" and "Record of Harry Lee." —Uniontown Telegram.

Miss Della Williams, who has been the guest of sister, Mrs. G. H. Taylor, for some time, returned to her home in Kansas City last week.

Miss Flora Frankman, who had been the guest of Miss Kate Boehman for several days, was called to her home in Chattanooga, Tenn. Friday by a telegram announcing that her brother was in a dying condition.

Mr. Clarence E. Sallee, the Newstead merchant, passed through this city Sunday enroute East, where he will purchase fall and winter goods. He will be absent some time and will buy largely in all lines.

### DEATHS.

QUEISBERY.—The 2-year-old son of Mr. Wm. Quisenberry, of Sinking Fork, died of cholera, Tuesday, of the stomach and bowels Saturday.

FRAZIER.—Mrs. Dr. R. C. Frazier died in Greenville last Friday, after a lingering illness. She had been suffering from heart trouble for some time and had been at Dawson nearly all summer. While there she suffered a slight stroke of paralysis, from which she never recovered. Mrs. Frazier was the mother of Mrs. Jas. B. Wood of Howell, this county, who has been with her for some time. She was a consistent member of the Cumberland Presbyterian church and of the most estimable lady.

### ONE OF TWO WAYS.

The bladder was created for one purpose, namely a receptacle for the urine, and as much it is not liable to any form of disease except by one or two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, see your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraneous effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy is soon realized. If you need a medicine you should have the best. At drugfifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the Hopkinsville Kentuckian and send your address to Dr. Kilmer & Co., Bingham, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Miss Katie McDaniel, County School Superintendent, will have one month's salary ready for the teachers, Saturday, Oct. 9.

### New Engineers.

The following firmen on the L. & N., successfully passed the examination required for engineers in the order named, on the 23rd inst: Warner Campbell, Locke Rowe, John Barnum, Jack Cavers, Sam Lutten, George Lutten, James Joice, Bud Hamer, Hand Bledsoe.

They will be given promotions on the St. Louis division.

### MATRIMONIAL.

Mr. Jno. S. Coleman, assessor of Caldwell county, and Miss Agnes Guess, of Crider, were married September 19th.

Mr. Wm. Corine and Miss Hattie Tallafiero, of Russellville, who were recently married in Nashville June 10, have just let it be known and are now living together.

BARBER-PARKER.—Mr. H. D. Barber and Mrs. Dorena Parker, both of the Crofton county, were married at the home of the bride at 9:30 o'clock Sunday morning. Rev. W. H. Moore of the Christian church officiated.

Will L. Demoss, of this city, and Miss Perda Jackson, of the East Hanson county, eloped to Nashville on the 4:47 train yesterday morning, where they were united in marriage. They will visit relatives there and at tend the Centennial before making their future home.—Madisonville Mail.

MURRELL-LONG.—Leo Murrell, of Lafayette, and Miss Ella Long, daughter of Mr. Sam'l Long, of the Haraden neighborhood, eloped to Dyer, Tenn., and were married. The parents of the young lady, it is understood, objected to the match on account of the extreme youth of their daughter, who is only fourteen years old.

Cards are out announcing the approaching marriage of Miss Florence Nest, the accomplished sister of Mrs. Judge M. D. Brown, to Mr. Frank W. Finney, a prominent railroad official of Indianapolis, Ind. The wedding will occur at the residence of Mr. O. C. Clements, brother of the groom to be, in Indianapolis, on the evening of Oct. 27. Miss Nest is well known here, having often visited Mrs. Brown. Mrs. Brown will leave for Indianapolis in a few days to attend the marriage and will make an extended visit at New Albany, Louisville and other points.

### The Band Pleased Them.

We, the members of Princeton, Wallonia and Cadiz Masonic Lodges, do hereby certify that Lafayette Silver Band, of Lafayette, Ky., gave us first class services at our picnic reunion at Cerulean Springs, Ky., Sept. 2d, 1897, and we hereby recommend them to other lodges for similar occasions, and to the public in general when in need of a first class band.

## New Shoe Store!

Last June we sold to J. H. Anderson & Co. our entire stock of shoes, with the intention of going out of the shoe business. But previous to the sale we had placed our Fall order with the manufacturer for a full line of heavy and medium weight shoes. We thought at the time we sold to Messrs. Anderson & Co. we could countermand our orders, but the manufacturers wrote us that it would be impossible to accept a countermand as the goods were out and some of them already made up with our names on them. So of course we had to take them. Now Friend you see the position we are in. And to make a long story short we will say we have got shoes and want money. You have got money and need shoes. Now is your chance to buy your Fall and Winter Shoes at a

## SAVING OF 50c TO \$1.50 PER PAIR.

As we are determined to go out of the shoe business, therefore we are going to sell this last season's stock of shoes at absolute manufacturer prices. This is undoubtedly the handsomest line of shoes ever brought to this town. We have all the new colors, Green, Purple, Tan, and Oxblood, all widths and toes. Dime Quarter, Half Dollar and Bull Dog Toes. All sizes from the smallest to the largest. In fact the stock is everything that it takes to make a first-class shoe store. We guarantee every shoe we sell to be cheaper and better than you can buy elsewhere. Now, in conclusion, we will say that our Mr. J. B. Richards is now in the Eastern markets buying one of the largest stock of Dry Goods, Notions, Millinery, and Furnishings Goods, ever brought to Hopkinsville, which we are receiving daily, and invite your early inspection. We are still selling carpets less than manufacturers' cost to close them out.

Yours Truly,

September 2, 1897.
